Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, *The Shifts and the Shocks: What We've Learned - and Have Still to Learn - from the Financial Crisis*, Martin Wolf, In *The Shifts and the Shocks*, Martin Wolf - one of the world's most influential economic commentators and author of *Why Globalization Works* - presents his controversial and highly original analysis of the economic course of the last seven years. There have been many books that have sought to explain the causes and courses of the financial and economic crisis which began in 2007-8. *The Shifts and the Shocks* is not another detailed history of the crisis, but the most persuasive and complete account yet published of what the crisis should teach us about modern economies and economics. He explains with great clarity why 'further crises seem certain' and why the management of the eurozone in particular 'guarantees a huge political crisis at some point in the future.' Wolf provides far more ambitious and comprehensive plans for reform than any currently being implemented. Written with all the intellectual command and trenchant judgement...
