Brand New Book ***** Print on Demand *****.Everyone wants to be the expert when it comes to relationships. We all have theories on what should or should not exist when two people decide to be in a committed union. Some experts say that the relationship your parents have when you are a child directly affects the relationship you have with someone as an adult. While this may be true in a sense, I think it is what it is-just an expert opinion. This book gives insight on the experience of life versus expert advice.
