Brand New Book ***** Print on Demand *****.Excerpt from The World of the Fourth Dimension: And Other Essays There is a widespread idea that in order to succeed and prevail, truth, or true religion, must grow, and spread, and progress in the world. People who belong, or attach themselves to, cults or sects which think they represent truth, solace themselves with the belief that their truth, since it is truth, is fated to progress. And they think that therefore they are absolved from any duty or effort in connection with truth other than following its precepts and cultivating them; that is, they must simply act as its passive instruments and all will be well. Now it is an absolute and fatal fallacy that truth grows. It is also fallacious to suppose that what we term growth is a thing of any value whatever. On the contrary, it is an evil.
