This book looks at the history of the Japanese empire up through the late 19th century. From the preface: In the following pages the administrative and political events from the founding of the empire will be divided into three great series, or periods. The First Period, commencing with the birth of imperialism, covers the ages during which the Sovereign and the Administration were one. Speaking accurately, however, this period includes not only eras when administrative orders actually emanated from the Emperor, but also eras during which powerful families, like those of Oomi and Omuraji, controlled administrative affairs; eras when the reins of state were restored to the Sovereign, and eras when they passed into the hands of regents and prime ministers; eras when the administrative authority was exercised by the Throne, and eras when it was exercised by military nobles. But these minor distinctions are merged in the fact that throughout the period the power of Imperialism was paramount and the mandates of the Sovereign were effective in all parts of the realm. The Second Period is that during which the administrative power was wielded by military nobles; in other words, the period of military autocracy. This period commences with the time when the Minamoto chieftain, Yoritomo, established a Shogunate at Kamakura, and concludes with the time when, Tokugawa having restored the administration to the Sovereign, the Edo Shogunate came to an end. During this period, the families controlling administrative affairs underwent many vicissitudes and the possession of the Shogunate often changed, but the general character of the national polity was feudal, and the repositories of administrative power were all military nobles. Hence the whole series of events...
