People the impression that Soros is a speculative gain financial predators What emerges is a compassionate thinkers. philanthropists have a strong sense of social responsibility. Such a great contrast. only read the whole book before people suddenly see the light. Abstract The author is known as the Asian financial crisis financial predators George Soros. Soros is both a mercenary financial speculators. but also a strong sense of urgency and the critical spirit economists. In this book the author analyzes the existing defects with the crisis of the capitalist system and the global capitalist system. and pointed out that the Western mainstream economics - microeconomics the fallacy of the theory of supply and demand equilibrium. The authors believe that the market value can not replace the social value. using market mechanisms to solve social and political problems also contributed to an important cause of the financial crisis. He advocated the establishment of an imperfect. but may continue to improve society - an open society. Directory to the reader China Acknowledgements Introduction reflex ideology and reality. the first part of the conceptual framework of Chapter 1 Chapter 2 Chapter 3 Economics criticism in the...
