This is the first story featuring the Zee Brothers in which they meet the love of their lives, JJ and her magical puppy, Xanadu. They uncover the secrets of an ancient Indian curse involving a zombie omelet, wait, amulet. They fail to rescue their first client of the day and end up keeping him as a pet instead. All of this takes place in the small gated community of Winter Oaks, AZ, built atop the tribal burial ground of the Pakatini Tribe and right next to the county dump. Awakened when the obnoxious president of the home owners association disturbs an ancient artifact, the zombies return from their graves to reclaim their amulet. Arriving in their extermination truck loaded with weapons and their strangely premonitory Magic 8-ball shifter, the brothers quickly get to work. Bodies and brains explode as they seek the answers to end the ancient zombie curse before it leads to a full on Zombie Apocalypse. Before it is over, Jonah, Judas JJ teach us about Zombie Bondage, Zombie Dental Hygiene The Wonders of Orgasms and Chocolate, all while surviving being the target of an ever growing number of newly awakened undead. Aided by JJ's mysterious dog, the brothers manage to get the amulet, but not before Jonah is marked for death by the Pakatini's High Priest. It is going to take more than their really big gun, that they affectionately refer to as DeeDee, to get them out of this one. Filled with nods to zombie pop culture, this book will keep you entertained and leave you smiling.
